ABOUT COMPANY

Altair is established to give their clients tailor made services manufacturing ready-to-wear garments. We are a factory based In Istanbul, Turkiye, specialized in fast productions for retail chains. We manage the whole production chain, from collection design and development to fabric Sourcing, production planning, audits, follow-up and quality control. Our designs are put together in our studio at the inspiring and vibrant city of Barcelona, where we are constantly following trends to create an "outstanding product", fashionable and commercial.
